Maximalizms
Ladomir Publisher, Moscow, 2013
544 p., hard cover
ISBN 978-5-86218-513-3

This volume includes short but profound meditations on the nature of human beings and of human society, the essence of which is best described as maximalist: "I talk about things that aren't talked about?" The volume also includes unusual reminiscences about the author's life in the USSR and the USA, under the titles Life No 1 and Life No 2.

The main theme in Armalinsky's work is the comprehensive study of human sexual relationships. Working outside of any literary school, following no one and producing no followers, Mikhail Armalinsky has tirelessly, over the course of half a century, promoted in the consciousness of his readers his themes, views, and convictions, which for him have the force of commandments.

These works (in Russian) were first published in his online journal [General Erotic](#).
